* These clubs are run by outside staff and therefore will be charged for.

Sherborne House School Clubs – Summer Term 2024

Reception Construction Club run by Miss Dunne

Construction club will focus on developing children's fine and gross motor skills. We will use both large and small blocks to build and balance.

Year 1 & 2 Globetrotters run by Miss Williams

Would your child like to explore the world? If so, Globetrotters might be the club for them. In Globetrotters, we focus on a different country each week, exploring varying aspects of their cultures, location and traditions. Children will be offered a range of activities linked to what we have discovered about each new and exciting country giving them the opportunity to broaden their Geographical knowledge.

Junior Librarians for Upper School by Mrs Blissett

As advocates for reading, it is essential that children who wish to be a Junior Librarian share a passion for reading. We will be responsible for reading events across the school, maintenance of the library and class book corners as well as helping promote reading.

Touch Typing run by Mrs Carter

An essential skill for children to learn as they move through their journey of education and beyond, touch typing will be taught using an online programme. The children will develop an understanding of muscle memory to familiarise themselves with the position of the keys on the keyboard and, each week, they will build upon skills they have practised in previous lessons.

Language Club with Madame Hill

Children will practise their vocabulary recall playing different games. They will also practise songs in French, which will help with their pronunciation.

Yoga and Meditation with Mrs Holmes

This is quiet club aimed and calmness and reflection.
